

Nomination offer Organizing Committee

PUNTA ALA

TUSCANY - ITALY

The Event is organised by the **Circolo Velico Cala Civette** with the joint effort of the **PuntAla Camping Resort**, both based in Punta Ala.

The Committee will cooperate with the National and International Class Associations.

Due to the importance of the event we can obtain the sponsorship of all local and regional administrations involved so far.

Punta Ala is located in **Tuscany**, one of the most famous and attractive regions of central **Italy** (south of Europe).

The proposed venue is situated by the **Tyrrhenian** sea, a portion of the wider temperate **Mediterranean Sea**.

Distances

Logistics

The **venue** is serviced by important international airports:

Rome (3 hours driving)

Florence

(2 hours driving)

and **Pisa**

(1 hour and a half driving).

Logistics

Even by car the European driving routes will lead the participants straight to the venue through the E35 from Switzerland and other North European countries, E45 from Germany and far east Europe, E25 from France and far west Europe. Few kilometers away from the nearby **SS1 Aurelia highway (E80)** lies the venue of easy access for cars with trailers even of considerable size.

Distances

Grosseto (Train Station): **42 km**

Follonica (Train Station): **13 km**

LOCATION - The venue is located between two marinas:

Punta Ala, famous in the world of sailing for having hosted important international regattas,...and

Scarlino, a new and upcoming marina with a lot of potential in the world of sailing competitions.

Elba

Punta Ala

CHARACTERISTICS OF THE REGATTA AREA:

The Gulf of Follonica, in front of the Island of Elba, encloses an area of the Mediterranean Sea well protected from strong currents and very strong winds.

Days of wind per month (min. 4 bfr)

CHARACTERISTICS OF THE REGATTA AREA:

During the summer months (april-october), regular afternoon thermal breeze, which make sailing pleasant and fun.

The sea surface is never too rough and it allows good sailing even with strong winds; protected from strong currents and rough waves.

CHARACTERISTICS OF THE LANDING AREA:

the beach gently declines into the sea and allows the surf to break soon, making it always comfortable to exit and return.

400 mt. is the stretch of beach reserved to major sailing events.

A water distribution system is available along the beach, allowing participants to easily rinse their boats. The beach area is subject to 24h surveillance.
