

Site presentation
A CAT WORLDS

September 2021

Toulon is located between Marseille (50 km by high way A50) and Saint Tropez. The international « Toulon - Hyères » airport is 15 km far away.

Global presentation

French Mediterranean seaboard third urban center and French first navy base, Toulon Provence Méditerranée has been affirming its maritime vocation for years. Rich in an exceptional marine heritage, it is natural that our Metropolis hosts major nautical events.

Thus, Toulon Provence Méditerranée wishes to host the A-Cat Worlds in september 2021. This race will take place in Toulon road and will be shore-based in Tabarly Creek. Since the LVACWS in September 2016 and after the GC32 racing tour in October 2017 the place is known to be particularly suitable for foiling boats as protected from most wind directions.

Partners

An event organized by:

The Toulon yacht club and the voluntary neighbour sailing clubs.

In close collaboration with:

- La Métropole Toulon Provence Méditerranée et la Ville de Toulon,
- Conseil départemental du Var
- Conseil régional PACA
- Chambre de Commerce et d'industrie du Var
- Préfecture du Var
- Préfecture Maritime du Var
- Direction départementale des Territoires et de la Mer
- Commerçants
- Office Tourisme Provence Méditerranée
- Et bien d'autres.....

Hosting the 2021 A-Cat world

Toulon seems to us to have both the capacity of a nice sailing/foiling area and the ability to attract a large audience in a public event.

In addition, the Yacht Club of Toulon has successfully host one of the America's Cup pre-regattas in 2016 and the final of the GC 32 TPM Med Cup in 2018. Both events are references and a very valuable experience base.

A single site

The main idea is hosting the event on a single site, The « Mourillon beaches » and in particular the last one: « Tabarly creek »:

The site might host at the same time the technical area (containers, mounting and dismantling operations) on the parking close to the city sailing club and the Yacht club; the launching tacking place at the very next launching area.

Electricity and fresh water will be available on the parking. Closed with a control acces, the technical area would however remain visible by the public being a place of animation.

About thirty support RIB (team support and organisation) might be docked at the same berth in Tabarly creek.

Working spaces with wifi, internet acces and all the classical computer plugging divices will be available for press and organisation.

Reception areas will be available on site, close to the sea, along the breakwater or on the islet closing Tabarly creek.

The racing area will be located on « les vignettes » road, in front of the breakwater and the Mourillon beaches.

The 4th creek of Mourillons beaches

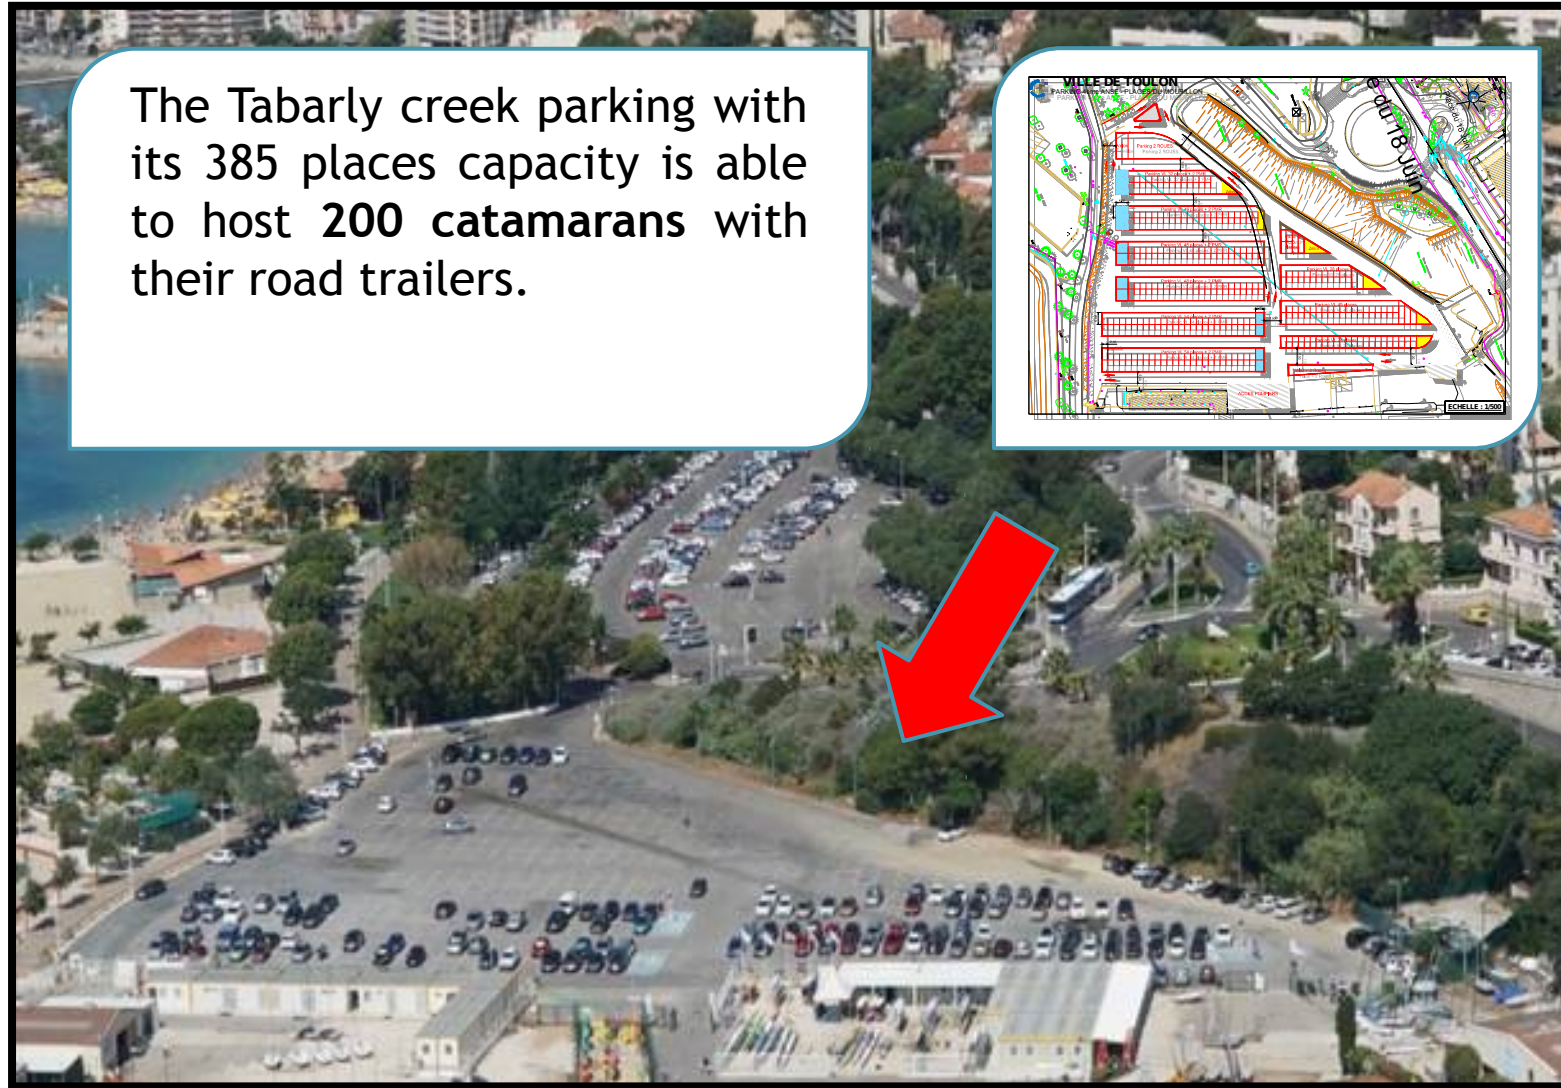

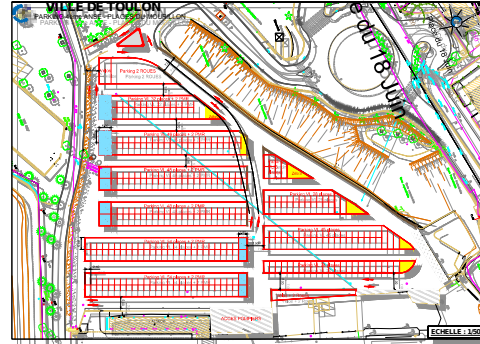

Its major advantage :
A sheltered launching place regardless of the wind direction.

The launching area

Boats and trailers parking

The Tabarly creek parking with its 385 places capacity is able to host **200 catamarans** with their road trailers.

Locker room

Over 150 m2 of locker room with all facilities (shower, dressing...) providing all the confort.

The club house with « restaurant and brasserie »

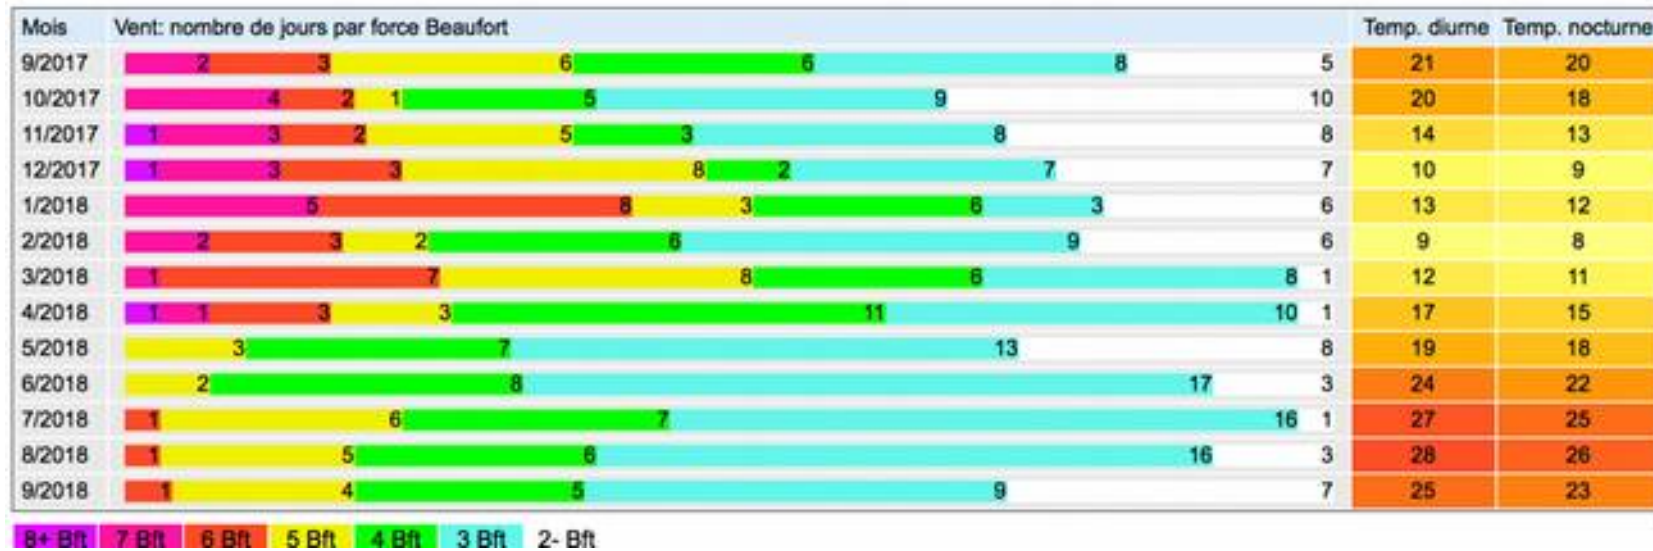

Racing areas

2017-2018 wind statistics

France - AC Toulon, IMS 700, IMS shipyard, Lat: 43.0827, Lon: 5.9338, Fuseau horaire: GMT+2 [\[Détails / Carte\]](#), archives disponibles: 16.06.2016 - 26.09.2018

Dynamic tourism office

The screenshot displays the Toulon Tourism website interface. At the top, there are navigation links for 'En famille', 'Vivre Toulon', 'Groupe', 'Presse', and 'Aux alentours de Toulon'. Below this is a main navigation bar with categories: 'QUE FAIRE?', 'OU DORMIR?', 'OU MANGER?', 'TOULON PRATIQUE', 'TOULON ACCESSIBLE', and 'E-BOUTIQUE'. The central banner features a dynamic image of a GC32 racing catamaran on the water. A text overlay on the banner reads: 'Finale GC32 Racing Tour - du 11 au 14 octobre. Les formules 1 des mers à Toulon! Une régates qui va réunir dans la rade l'élite mondiale de la voile... à ne pas manquer!' with a 'DÉCOUVRIR' button. To the left of the banner, the dates '11-14 OCTOBRE 2018' are displayed. Below the banner is a utility bar with icons and labels: a sun and '22°' with '29 septembre 2018', a brochure icon with 'Brochures et guides à télécharger', a location pin icon with 'Webcams', a paper plane icon with 'Newsletter', a wheelchair icon with 'Accessibilité', and an envelope icon with 'Contact'. At the bottom, three main menu items are visible: 'Actualités', 'Agenda', and 'eBOUTIQUE'.
